

## ABSTRACT OF THE DISCLOSURE

## SUBSCRIBER NOTIFICATION CRITERIA FOR ELECTRONIC AUCTIONS

5        A method and system for notifying a client of a status of an  
electronic auction is provided. A notification preference is  
received, the notification preference identifies when to notify  
the client of a status of the electronic auction. The  
notification preference is matched to a current status of the  
10 electronic auction. Then the notification to the client is  
transmitted based on the matching of the notification preference  
to the current status of the electronic auction.
